LIVING WILL DECLARATION

Kansas Natural Death Act

I, _____, being of sound mind, willfully and voluntarily making known my desire that my dying shall not be artificially prolonged under the circumstances set forth below, do hereby declare:

If at any time I should have an incurable injury, disease, or illness certified to be a terminal condition by two physicians who have personally examined me, one of whom shall be my attending physician, and the physicians have determined that my death will occur whether or not life-sustaining procedures are utilized and where the application of life-sustaining procedures would serve only to artificially prolong the dying process, I direct that such procedures be withheld or

withdrawn and that I be permitted to die naturally with only the administration of medication or the performance of any medical procedure deemed necessary to provide me with comfort care.

In the absence of my ability to give directions regarding the use of such life-sustaining procedures, it is my intention that this declaration shall be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and accept the consequences from such refusal.

I understand the full import of this declaration and I am emotionally and mentally competent to make this decision. Any Living Will declaration I have previously made is hereby revoked.

Organ and Tissue Donation

Share your decision with your family regarding your wishes about donation of organs or tissue.

Signing your driver's license and/or a donor card is an additional way to express your opinion.

At the time of your death, your family will be asked about donation.

Be sure your legal next of kin/family knows if you want to be a donor.

Transplantation is often the only hope for thousands of people suffering from organ failure or in need of corneas, skin, bone or other tissue.

The forms included in this brochure are legal documents. You do not need an attorney to complete the documents but many persons do this with an attorney when they complete their will or trusts. After completing the documents: Durable Power of Attorney for Healthcare or Living Will:

When you sign the documents, make sure they are witnessed OR notarized. If you sign an advance directive, make at least five copies of your document and give them to your healthcare agent(s), your doctor(s), your lawyer, your spiritual leader or anyone else who may be involved with your healthcare. Make sure your agent, family, and friends know where your documents are kept. Please keep your originals in a safe place and one copy where it is easy to find and make more copies if needed.
